To,

The Director
UIET, Panjab University, Chandigarh

Subject: Request for Extension of Thesis for six months from (1st July to 31st December).

Respected Sir,

I am Satyam Adarsh, a student of M.E. Information Technology (Batch 2024–2026), working under the guidance of Ms. Monika. I would like to request a six-month extension from (1st July to 31st December) to complete and submit my thesis/dissertation.

The research work for my thesis is still in progress and requires additional time for completion, analysis, review, revisions, and incorporation of necessary updates. Due to the ongoing research activities, I have not been able to complete my dissertation within the stipulated time period.

The requested extension will enable me to complete the research work and submit the thesis in accordance with the academic standards and requirements of the department.

Therefore, I kindly request you to grant me an extension of six months for the completion and submission of my thesis/dissertation work. I shall be highly grateful for your kind consideration and approval.

Thanking you.

Yours sincerely,

Satyam Adarsh
